#### CUPB EBSB Club launched a campaign Lets Work for our Future Generations on World Environment Day 2020

- CUPB EBSB Club released a Short Video to promote the message of “Let's Work for Future Generations” by protecting our Environment.
- CUPB EBSB Students Volunteers from 28 different states of Bharat participated in this movement from their homes

5<sup>th</sup> June 2020, Bathinda: To mark World Environment Day 2020, the Central University of Punjab (CUPB), Ek Bharat Shreshtha Bharat (EBSB) Club launched a campaign 'Lets Work for Future Generations' by protecting our environment, under the leadership of honourable Vice-Chancellor Prof R.K. Kohli. During this activity, Prof R.K. Kohli, VC CUPB, Prof Vinod Garg, Dean Students Welfare, and Sh Kanwal Pal Singh Mundra, Registrar planted tree saplings at CUPB Main Campus in Ghudda, and encourage others to devote time for nature. CUPB EBSB Club student volunteers from 28 different states of Bharat also participated in this initiative during COVID-19 Lockdown from their homes, by sharing their pictures of planting a tree, watering, & maintaining plants in their localities.

To sensitize others, and to spread awareness to Save our Environment, CUPB EBSB Club also released a Short Video Titled, '**Lets Work for future Generations**', as a part of the activity, The Video showcased the impact of CUPB Tree Plantation Drive across our country and highlighted the work of CUPB students of 28 states in their respective regions. It also aimed to remind the citizens of their fundamental duty prescribed under Article 51-A(g) of the Constitution of India i.e. to protect & improve the national environment.

On this occasion, Vice-Chancellor Prof R.K. Kohli mentioned that the theme of World Environment Day 2020 is to “Celebrate Biodiversity”. He added that we all should devote some time from our daily schedule towards nature, and put efforts to preserve our Bio-diversity reserves. To keep our environment clean, he urged everyone to adopt a tree at their society, stop using plastic bags, & reduce over-consumption of natural resources.

Prof R.K. Kohli, Vice-Chancellor, CUPB (Left), and CUPB Faculty & Research Scholars (Right) planting tree saplings on World Environment Day 2020.
