

Central University of Punjab, Bathinda

Ref. No. CUPB/CC/COE/19/ 334

Date: 03.07.2019

NOTICE

Central University of Punjab Admissions-2019

Subject : Regarding Hostel Availability

Main Campus of the Central University of Punjab is coming up on 500 acres at village Ghudda, near Bathinda. In the main campus, hostels for boys and girls are under completion, but due to some pending utility works/completion certificate, their completion may take another 1-2 months. Existing hostels in the City Campus are already full and only limited seats are available for those students who have been selected in the First Round of First Counselling.

In view of this, for all the candidates who will be selected from today onwards, there will be NO HOSTEL AVAILABILITY, till the completion of new hostel buildings. So, prospective candidates will be required to make their own arrangements for stay outside the university campus. Bathinda city has number of paying guest (PG) accommodations and rental properties which can be utilized by the students. Once the hostels are ready and handed over to the university, admitted Students will be allotted hostel accommodation as per the availability and according to the hostel allotment rules.

The University is making efforts to hire the accommodation in nearby areas of city with facility of bus. University is also putting efforts to make available the hostel at the earliest. Although, University is hopeful of getting the same but not committed.

In view of this, the University is in strenuous situation for arranging hostel for new admissions but is hopeful.
